

Scoil Bhreandáin Naofa

St. Brendan's National School

Internet Acceptable Usage Policy

Educationalists believe in the benefits of curriculum-based internet use. The purpose of the Internet Acceptable Usage Policy is to ensure that pupils will benefit from learning opportunities offered by the school's internet resources, and will be protected from harmful and illegal use of the Internet.

St. Brendan's NS will employ a number of strategies to maximise learning opportunities and reduce risks associated with the Internet.

These strategies are as follows:

1. Acceptable Usage Policy (AUP)
2. Education
3. Filtering/Monitoring

Sanctions

If a pupil deliberately misuses the internet or email, this will result in disciplinary action, including the withdrawal of access privileges. Parents/guardians will receive written notification of misuse by a pupil.

Internet

1. Internet will be used for educational purposes only
2. Internet sessions will always be supervised by a teacher
3. Pupils will seek permission before entering any Internet site, unless previously approved by a teacher
4. Filtering software will be used to minimise the risk of exposure to inappropriate material
5. The school will regularly monitor pupils' internet usage
6. Pupils will receive training in the area of internet safety
7. Pupils will be taught to evaluate the content of internet sites
8. Teachers will be made aware of internet safety issues
9. Uploading and downloading of non-approved material is banned
10. Virus protection software will be used and updated on a regular basis
11. The use of external storage devices in school requires a teacher's permission.

12. Pupils will observe good "netiquette" (etiquette on the internet) at all times and will not undertake any action that may bring a school into disrepute

Email

If pupils are allowed to use email, the following rules will apply:

1. Email will be used for educational purposes only.
2. Students will only use approved class email accounts under supervision by or permission from a teacher.
3. Pupils will not send or receive any material that is illegal, obscene, defamatory or that is intended to annoy or intimidate another person.
4. Pupils will not send text messages to or from school email.
5. Pupils will not reveal their own or other people's personal details e.g. addresses, telephone numbers, or pictures via school email.
6. Pupils will never arrange to meet someone via school email.
7. Sending or receiving email attachments is subject to teacher permission.

Internet Chat

Students are not permitted to use internet chat.

School Website

Teachers will manage the publication of material on the school website.

1. Personal pupil information, home addresses and contact details will not be published on the school website.
2. Class lists will not be published.
3. Pupils' full names will not be published beside their photograph.
4. Digital photographs, video clips and audio clips will focus on groups and group activities rather than on individual pupils.
5. Pupils will be given an opportunity to publish projects, artwork or school work on the school website.

6. Teachers will select work to be published and decide on the appropriateness of such.
7. Permission to publish a student's work will be sought from pupils/ parents/ guardians. This permission may be withdrawn at any time.
8. Pupils will continue to own the copyright on any work published.

Distance Learning

In circumstances where teaching cannot be conducted on the school premises, teachers may use Google Classroom, Zoom, or other platforms approved by the Principal as "Online Platforms" to assist with remote teaching where necessary. A variety of other Online Platforms are also used regularly in teaching and learning including Typing Club, Epic!, Kahoot! Topmarks and other platforms approved for Primary School pupils.

The individual teacher using the online platform has signed up to the terms of service of the online platforms on behalf of the school and has enabled the most up to date security and privacy features which these online platforms provide.

In the senior classroom parents/guardians must grant access to their child to have a school Gmail address such as pupilname@eyrecourtns.ie. Parents/guardians will be provided with the password and will be expected to monitor their child's use of the Gmail address and Online Platforms.

If teachers are using Zoom, parents/guardians consent on their child's enrolment form from September 2021. Parents/guardians must also agree to monitor their child's participation in any Zoom meetings. Two teachers should always be present on class Zoom calls.

Teacher approved links to some YouTube videos that are deemed useful to explain or compliment work set may also be used as part of teaching and learning.

Education

St. Brendan's NS will undertake an education programme to educate children on the safe, responsible use of the Internet.

21st century life presents dangers including violence, racism and exploitation from which children and young people need to be protected. At the same time they need to learn to recognise and avoid these risks – to become internet wise.

Resources that may be used to implement this programme include

- Use of the 'Kids' section on the www.webwise.ie website
- Safer Internet Day resources

Filtering

'Filtering' is a term used to describe a way of limiting the content of web pages, emails, chat rooms and other electronic data to which users may be exposed. No filter is 100% accurate. The most effective filtering tool is adult vigilance.

Many browsers have their own built in filtering tool e.g. Google. Google's search engine has a built-in "Safe Search". This filter eliminates sites that contain pornography and explicit sexual content from search results. It is easily applied by clicking on the **Preferences** link on any Google page. Unfortunately, it is also easily removed.

St. Brendan's NS has a high level filtering software. The access to websites from all school computers is monitored and regularly reviewed by the School Broadband Service. Websites are only allowed through following a verification of their suitability. Examples of websites which are not allowed through the filter include: Facebook and Tiktok.

Firewalls

Windows operating system has a built-in firewall. Firewall software can be purchased or downloaded free from the Internet. St. Brendan's NS has installed firewall software.

The AUP Policy for St. Brendan's NS was reviewed by the Board of Management in February 2021
Chairperson:  Date: 23/2/21

Dear Parent/Guardian,

As part of the school's education programme we offer pupils supervised access to the Internet. This will allow pupils vast educational opportunities by helping them for example, locate material for projects, communicate with students from different cultures, become independent in controlling their own research and become independent learners.

While we as educationalists recognise the value of the Internet as a resource, we must also acknowledge the potential risks to students. We feel that the answer is not to ban the use of the Internet in school but to teach pupils to recognise the risks and to become **Internet Wise**.

This process is the responsibility of the school and the parent/guardian.

For this reason we have compiled a school policy on Internet safety. Parents must also set and convey standards of usage to their children.

It is important that you read the school's Internet Policy and sign the attached document.

There is also a document for pupils to sign. Parents should discuss this document with their children to ensure that they clearly understand the school rules with regard to Internet usage.

Mise le meas,

Principal

Responsible Internet Use Pupil Undertaking

We use the School computers and Internet connection for learning.

These rules will help us to be fair to others and keep everyone safe.

- I will ask permission before entering any website, unless my teacher has already approved that site.
- I will not bring external storage devices such as USB sticks into school without permission.
- I will not use email for personal reasons.
- I will only use email for school projects and with my teacher's permission.
- The messages I send will be polite and sensible.
- When sending e-mail, I will not give my home address or phone number or arrange to meet anyone.
- I will ask for permission before opening an e-mail or an e-mail attachment.
- I will not use internet chat.
- If I see anything I am unhappy with or if I receive a message I do not like, I will tell a teacher immediately.
- I know that the school may check my computer files and may monitor the sites I visit.
- I understand that if I deliberately break these rules, I could be stopped from using the Internet and computers and my parents will be informed.
